A journey built around experience

Severals began with a vision to make travel accessible and turn every trip into an unforgettable experience. Travel is about more than a flight or a hotel.

Founded and funded by an investor with over 30 years in aviation and travel, Severals was established in Egypt to meet the growing demand for travel solutions in the Middle East and beyond.

Our airline, hotel and wholesaler partnerships bring together convenient bookings, value and thoughtful service.

Our mission. Our vision.

We empower, inspire, guide and support travelers through advanced technologies, strong airline and hotel partnerships and experienced travelists.

We envision travel accessible to everyone, anytime and anywhere: seamless, enjoyable and affordable, whether for business or leisure.

It’s always about you

We tailor your trip to your needs, taking care of the details so you can focus on the experience.

- Empower: enjoy every minute.
- Support: a helping hand at every step.
